

2nd Annual Georgia Nanotechnology in Infectious Disease Symposium

Emory University
School of Medicine Building, Room 110
1648 Pierce Drive, Atlanta, GA, 30322

Thursday, April 1st, 2010
9:30 am – 5:00 pm

Keynote address: Darrell J. Irvine, Ph.D.

Eugene Bell Associate Professor of Tissue Engineering
Massachusetts Institute of Technology
Howard Hughes Medical Institute

Please RSVP to nanotech2010@listserv.emory.edu by February 15th and attach an abstract if you would like to present a poster and/or be considered to give an oral presentation.

Please RSVP by March 1st if you would like to attend without presenting.

In addition, specify if you will be driving and will require a parking pass (free) for the Michael Street parking deck (550 Michael St., Atlanta, GA 30322). Parking will be full price without a pass.
